Saints in Asia Interested in Mutual Improvement Work.

Elder J. W. Booth, in a private letter to Elder F. F. Hintze, dated Zara, Turkey, Dec. 10, writes: You are, perhaps, aware that I have

been appointed to labor here in Zara this winter. I have been here since Oct. 15. Since coming here we have organized a Y. M. I. A. and the Saints all attend pretty regularly. It is a new thing for them, but the interest and thing for them, but the interest and progress in the work are very marked. STAKE CONFERENCES.

UTAH STAKE.

Many Valuable Instructions Given to the Assembled Saints.

The quarterly conference of the Utah Stake of Zion held in Provo Saturday and Sunday, January 11 and 12, was fuvored with the presence of a large number of the General Church Authorities and the attendance was much greater than usual, the large Tabernacle being crowded at the Sunday af-ternoon meeting. There were present on the stand Presidents Joseph F. stand Presidents Joseph F. John R. Winder, Anthon H. Lund; Apostles John Henry Smith Matthias F. Cowley and Reed Smoot Patriarch John Smith; the Stake presidency, members of the High Council,

end other Stake and ward authorities.

President David John was the first
speaker Saturday forenoon. He expressed gratification with the large attendance at the first meeting of the conference and that so many of the leading brethren were with us. He said he felt pleased with the condition of the Saints of Utah Stake at this time; the reports showed that, considering the conditions and season, the people had paid the largest tithing ever paid in the Stake, and he felt that the Saints were generally miled and ally united and prosperous. The presidency and High Council were united in all things pertaining to the interests

President John R. Winder spoke upon the principle of salvation for the dead, reading extracts from the sayings of the Prophet Joseph Smith, showing the great responsibility devolving upon the Saints in relation to the redemption of the dead through the ordinances which

Patriarch John Smith exhorted the Saints to faithfulness in their duty to the dead, and urged the young people to obtain a testimony of the truthfulness of the Gospel, through obedience to and faith in its principles.

Apostle John Henry Smith also spoke on the principle of salvation for the dead, and of the necessity for teaching the young people the principles of the Gospel. He warned the Saints against uniting themselves together in organizations, with the idea that the general organizations of the Church were not progressive enough in spiritual matters. Satan would take advantage of the enthusiasm of such people and if they persisted in their course they would find themselves pitted against the or-ganization of the Church.

SATURDAY AFTERNOON.

Apostle Matthias F. Cowley was the first speaker in the afternoon. He rethe young and the old by the Brigham Young Academy and predicted a great future for the educational system of the Saints. He spoke earnestly on the com-prehensiveness of the saving principles of the Gospel as revealed through the Prophet Joseph Smith, and admon-ished the Saints against becoming identified with any outside orders or socie-

President Joseph F. Smith commendthe Stake authorities and members on the large attendance. He spoke of evil of having men occupy leading positions in the Church who are not fully converted to all the principles of the Gospel. All power and keys neces-sary for the salvation of God's children had been committed to His servants, and in view of this, the Saints should not take upon themselves any burden other than the yoke of Christ; but feel that their greatest duty is to labor in all humility, as the servants of the Lord and His Spirit may direct for the salvation of their fellow men, living and dead. The speaker impressed upon the Church officers and members the necessity for using their own judgment, assisted by the Spirit of God, in the solution of questions regarding doctrines

to be answered. He announced that the Presidency of the Church would not hear complaints, except in cases where they had first been submitted to the ward and Stake authorities, and had been regularly appealed for sufficient

SUNDAY FORENOON.

Apostle Reed Smoot addressed the meeting, expressing great satisfaction with the report given by President John yesterday, which showed an increase in the payment of titing and also that the Saints are manifesting an increase determination in perform increased determination to perform their duties, and that the Lord is blessing them. He spoke carnestly of the necessity for perfect harmony in the organizations of the Church and among the people; and pointed out that there could be no fealousy among the Priesthood, as all the blessings with which they are endowed come from God. The speaker gave practical in-

struction against the people wasting their substance and going in debt, mortgaging their homes, etc.

President Anthon H. Lund was the next speaker. He read from the Doctrine and Covenants part of a revela-tion given to the Prophet Joseph Smith in February, 1829, and spoke of the im-portance of observing the command-ments of the Lord, which, if compiled with, will bring spiritual and temporal salvation. Riches and worldly honor cannot bring the happiness, which can only be obtained by being obedient to the commandments of our heavenly Father and true to ourselves, and by labor-ing earnestly for the salvation of the children of men; by overcoming selfishness, even as the Prophet Joseph and the early Elders in the Church had to overcome selfishness before they could ecomplish the work the Lord had de-

President Joseph F. Smith read the same section read by President Lund, and showed that, considering the cir-cumstances surrounding the boy Joseph at that time, the revelation is one of the most remarkable prophecies proclaimed to the world. At that time there was scarcely a soul to believe the Prophet's words, which have since been fulfilled. The speaker read from other revelations there were there were the prophet Joseph tions given through the Prophet Joseph tions given through the Prophet Joseph which, when given, were opposed by all the Christian world, who declared that Joseph was a false prophet. Yet all the atterances of the Lord through the Prophet had been fulfilled, so far as time had permitted, notwithstanding the unfavorable prospects and the great directed. opposition which had been directed against the work of the Lord. The Church had been prospered in the mountains, where it had been led by the Lord, and now calls were coming from the North and the South, the East and West, for our people to come and show others how to cultivate the land. And after a time there would come calls for others of our people for high positions, as statesmen, judges and teachers, because their superiority, obtained through the blessings of God, would be acknowledged. He also spoke of the necessity for humility and harmony in the exercise of the gifts of the Priesthood, the blessings received from observing the law of tithing, the order of the Priesthood, etc.

SUNDAY AFTERNOON.

Sunday afternoon the General and Stake authorities were presented and sustained. Sister Josephine D. Booth was sustained as secretary of the Sun-day schools of the Stake-there had been a vacancy in that office since the Stake was reorganized. Sister Clara E. Cluff was sustained as Stake organist, to fill the vacancy occasioned by the resignation of Sister Emma Choules Burles. President John, in behalf of the officers and members of the Stake, ex-pressed high appreciation of the faithful labors of Sister Choules, and hopes that happiness and blessings would at-

tend her in the future. Apostle John Henry Smith spoke of the Latter-day work as only in its infancy, and its great mission just beginning to be felt in the world. alized that there is much to be done among the people at home in making the children and the young people acuainted with the greatness and importance of the Gospel, that they might understand the saving principles of our falth. He exhorted the Bishops and teachers of wards to awaken to the needs and the circumstances of the children and people of their wards and

see that all are fully taught those things necessary for their salvation. Patriarch John Smith testified that the Holy Spirit had prompted the instructions given during the conference; and spoke of the necessity for parents teaching their children the principles of the Gospel by precept and example, that they might be able to withstand all the temptations of the adversary, to inderstand the greatness of the work and be prepared to defend it and carry

President John R. Winder said he had ; njoyed the opportunity of attending he conference, and was especially cleased to see so many young people. The referred to the inclination on the cart of some young men to join other organizations established by the world, and read from the Book of Mormon to show that the institutions of men are not approved of God, and exhorted all to labor devotedly for the Gospel and ep free from membership in other organizations.

Benediction was offered by President loseph F. Smith. The large attendance at the meetings the conference was very pleasing to e visiting brethren and favorably

The beautiful music rendered by the choir was also highly appreciated by the congregations and the speakers, several of the latter commending the singers for their part in making the meetings interesting and beneficial.

The following speakers addressed the meeting, giving many valuable in-structions and encouraging the young people in the performance of every du-ty: Dr. George H. Brimhall, Sister Susa Y. Elder John W. Taylor next addreseed the conference. He said Em ery Stake would not be divided into two Stakes, as the Church Presidency desired it to remain as one. It was none too strong as it is. The Saints should not entertain any idea of division, but work in harmony and build up the one as now constituted. He then touched upon the evil powers that are taking hold of man. No man could keep a sa-loon and sell liquor to the sons of Ziou and be a Latter-day Saint. He plead to the young men to keep away from the saloons. He read from the Bible and Doctrines and Covenants, bearing upon the powers of the Priesthood and showing the condition of those who

A New Catarrh Cure Secures National Popularity in Less Than One Year. Throughout a great nation of eighty million it is a desperate struggle to se-cure even a recognition for a new article to say nothing of achieving popular favor, and yet within one year

Burger 1 1 - Jan 1111. tuart's Catarrh Tablets, the new catarrh cure, has met with such success that today it can be found in every throughout the United States and Canada.

To be sure a large amount of advertising was necessary in the first in-stance to bring the remedy to the attention of the public, but everyone fa-miliar with the subject knows that advertising alone never made any article permanently successful. It must have n addition absolute, undeniable merit nd this the new catarrh cure certainpossesses in a marked degree

Physicians, who formerly depended upon inhalers, sprays and local washes ointments, now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrh remedies, such as red gum, blood root and simllar antiseptics.

They contain no cocaine nor opiate, and are given to little children with

ontire safety and benefit.

Dr. J. J. Reitiger, of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat affecting my voke and often extending to the stomach, causing catarrh of the stomach. I bought a fifty ent package of Stuart's Catarrh Tab lets at my druggist's, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring and consider myself entirely free

om any catarrhal trouble. Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarrh nearly my whole life and last winter my two children also suffered from ca-tarrhal colds and sore throat so much they were out of school a large portion of the winter. My brother who was cured of catarrhal deafness by using Stuart's Catarrh Tablets urged me to try them so much that I did so and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and atarrh is no longer a household affliction with us.

This is one of the months in the year when its hard to get a smile on the face of nature. The old girl seems to be suffering from remorse for her dissipation of the yule tide season.
